

**R-2010**

**INSTALLATION INSTRUCTIONS**  
**ADAPTER PLATE TO REPOSITION EXTINGUISHER ON R-2016**  
**FIRE EXTINGUISHER MOUNTS**

This adapter plate is designed to reposition the fire extinguisher for those with an R-2016 extinguisher mount who wish to have an extra 2 ½" of forward seat travel.

Step 1.

Move seat to rear most seat position. Remove your fire extinguisher and its mounting bracket from our R-2016 bracket.

Step 2.

Align the thru holes (non-tapped) in the adapter plate with the (4) holes in your existing mount and the remaining portion of the adapter plate facing forward and down. Fasten the adapter plate to the mounting bracket using your existing hardware.

Step 3.

Attach the mounting bracket supplied with the fire extinguisher to the adapter plate using the supplied hardware. Reinstall fire extinguisher.

Performance driving events are by nature potentially hazardous to your health. Brey-Krause Mfg. Co. Inc. shall not be liable for injury, consequential, or other types of damages resulting from the use or misuse of our products. Proper installation of these parts is critical and should only be done by a professional shop.
